

NSFAS NOTICE

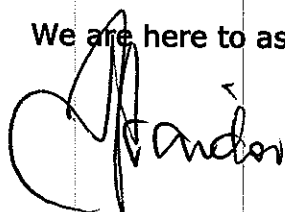

Dear Students,

1. All Nsfas approved students that received their allowances will continue to receive their allowances at the beginning of every month, provided that there are no technical challenges faced by the Institution.
2. Those students that are not yet approved have to wait a little longer, as this is a Nsfas process and we have no control over it. This matter has been brought to the attention of Nsfas Management and we hope all the approvals can be finalized by end March. This will mean that all students approved from now onwards will be paid at later dates, staggered, as and when Nsfas approves. We are trying our best to put pressure on Nsfas to speedy this process.
3. Approved students that did not receive their allowances (please look for your names on the Notice Boards, Student Zone Notices & Facebook) , may have to do one of the following:
 - 3.1 Upload their banking details on the Fundi system.
 - 3.2 Update cell numbers by visiting the FAB offices to confirm the new cell numbers so that the Nsfas Database can be updated.
4. Students, please note that some Natskills students have received their Meal Allowances but not the Travel Allowances. This matter is under review and students will be advised asap.
5. First Year students that did not meet the Nsfas deadline 30th November 2017 and Gap Year students -_we are waiting for Nsfas approval.

STUDENTS THAT DID NOT SIGN THE 2017 NSFAS CONTRACTS WILL NOT BE APPROVED BY NSFAS FOR 2018 FUNDING. PLEASE VISIT THE FAB OFFICE TO RESOLVE ANY ISSUES THAT YOU MAY ENCOUNTER OR PREVENT YOU FROM SIGNING ONLINE .

Please help us attend to your issues by visiting FAB or else we will not know what problems you face.

We are here to assist you. Please address your concerns individually at FAB.
