The General Rules are promulgated in accordance with the Higher Education Act (Act 101 of 1997), Chapter 4, Section 32 (1)(b), with due observance of the Common Statute issued in accordance with the Universities Act (Act 61 of 1955), and referred to in the Higher Education Act (Act 101 of 1997), Chapter 9, Section 74(6) and the Institutional Statute of the University of Zululand (UNIZULU), as published in Government Gazette No. 41982, Vol. 1110 of 19 October 2018, in accordance with Chapter 4, Section 33 of the Higher Education Act (Act 101 of 1997), and read in conjunction with the faculty rules and regulations, as approved.

The General Rules apply to all students at the University (including occasional and short learning programme students). UNIZULU policy documents and regulations support and provide guidance regarding the General Rules and these must be read in conjunction where applicable. In cases of conflict between the said documents, the General Rules will take precedence. Where discrepancies in the names of qualifications arose during the Higher Education Qualifications Sub-Framework (HEQSF) alignment process and the preceding period, each case will be dealt with on merit.

Faculty rules are supplementary to the General Rules, and where there is a discrepancy between the two sets of rules, the General Rules shall apply. The General Rules are applied in accordance with the Higher Education Act (Act 101 of 1997), Chapter 8, Section 68(2) and the Institutional Statute of the University of Zululand and the responsibility for implementing such rules is assigned by Council to the Registrar, except where indicated differently in the rules. The Registrar must regularly, as agreed, report in writing to Council via Senate on the implementation of the General Rules. As stated in the General Rules, the Registrar may – with the approval of Council – delegate the implementation of the General Rules to other functionaries and the latter must provide the Registrar with a written report on the implementation of the rules in question.

The Deans are accountable for the correct interpretation and implementation of these Rules. The design and implementation of faculty rules are mentioned in the same Act; references as those regarding the Registrar and are assigned by Council to the faculty boards and their respective deans. As agreed upon, all deans must regularly report in writing to Council via Senate on the implementation of faculty rules.

The University Council may also enter into agreements with registered and accredited private providers of higher education to offer academic qualifications of the University. Where such agreements do exist, reference must be made to them in both admission rules and faculty rules. If the minimum prescribed number of students have not registered for a module, the University reserves the right not to offer that particular module.

The rules contained in this document are the rules as approved on the date of publication. The rules are subject to amendments approved after the date of publication.
The financial rules or rules regarding the payment of fees should be read in conjunction with the fees yearbook of the University, which is updated annually. In the event of a possible discrepancy between the provisions, the decision of the relevant Vice-Chancellor will be enforced.

The University recognises the religious holy days as indicated annually in the University’s Calendar and will avoid, if possible, scheduling examinations or assessments for such days.

Various policy and procedure documents relevant to the higher education sector in South Africa, from (for instance) the Council on Higher Education (CHE), Higher Education Quality Committee (HEQC), South African Qualifications Authority (SAQA), National Qualifications Framework (NQF), and the HEQSF, have been used as a point of departure or reference. Some directives, definitions, terms or phrases have been quoted directly to retain the meaning. In others, meanings were combined to describe a concept. Definitions for qualification types have been quoted directly from the HEQS (Government Gazette No. 38116, Volume 592, 17 October 2014) to retain the intended meaning, purpose, characteristics, minimum admission requirements and progression of the qualification. When reference is made to the National Senior Certificate (NSC) or the National Certificate (Vocational) NC(V), the following reference is used throughout as defined in the Minister’s policies: Minimum Admission Requirements for Higher Certificate, Diploma and Bachelor’s Degree Programmes Requiring a National Senior Certificate, Government Gazette, Vol. 751, No. 32131 of 11 July 2008 and Minimum Admission Requirements for Higher Certificate, Diploma and Bachelor’s Degree Programmes requiring a National Certificate (Vocational), published in the Government Gazette, Vol. 533, No. 32743, November 2009.

Copyright of students’ scripts (mini-dissertations, dissertations, theses, etc.) vests in the University. The University encourages the publication of derivative works of such scripts, preferably in subsidy-bearing publications. Copyright (including associated risks and benefits) of derivative works of scripts shall vest in the student. However, the prior approval of the UNIZULU Research Committee is required in the three cases below:

a) Contract research: The publication of derivatives of scripts that were developed as part of contract research conducted by the University may be subject to certain contractual conditions.

b) Patents: Some scripts may contain patentable or protectable subject matter with potential commercial benefits.

c) Legislative requirements: The National Environmental Management: Biodiversity Act (Act No. 10 of 2004) or the Intellectual Property Rights from Publicly Financed Research and Development Act (Act No. 51 of 2008) may impose limitations upon the University to grant certain rights to students.

“Admission” means approval to report for registration as a student of the University, irrespective of previous registration.

Assessment results are used to document, explain, and improve performance. Assessment can be done at various times throughout a learning programme and a comprehensive assessment plan will include either formative and summative assessment, or alternatively continuous assessment. The point at which the assessment takes place in a programme distinguishes these three types of assessment, namely Continuous, formative and summative.

“close relative” means a mother, father, grandmother, grandfather, brother, sister or child or legally adopted children.

“co-examiner” means a person appointed by a Faculty Board to assist an examiner in the setting and marking of an examination.

“compulsory modules” means modules that must be taken to be able to progress with a programme or to be eligible for awarding of a qualification. They contain the essential parts of the programme and are therefore compulsory to enable the learning outcomes for the programme to be met.

“continuous assessment” means internally moderated oral and written assignments, tests, practicals, project reports, etc.; Continuous assessment is used as an alternative to summative assessment. It is a series of assessments that occurs throughout the learning process, and not only after the learning process. Students are thus examined continuously over the duration of a quarter, semester or year. It is cumulative and the marks are calculated to produce a final result;

“Co-requisite” means a module that a student must enrol in at the same time as, or in some cases prior to, enrolling in the desired module.

“Council” means the Council of the University as comprised in section 18 the Statute of the University.

“credit” means the volume of learning required for a qualification can be specified in terms of the total minimum number of credits required and in terms of the minimum number of credits required at its specified exit level on the HEQSF. Credits are a measure of the volume of learning required for a qualification, quantified as the number of notional learning hours required for achieving the learning outcomes specified for the qualification. This includes contact time, structured learning, WIL, self-study, and assessment time. One credit is awarded for 10 notional hours of successful learning activity. Notwithstanding the link between credit and notional learning time, the emphasis of assessment should be upon learning achieved and not time served. Credit is awarded for the achievement of specified learning outcomes. No additional credit can be awarded for achievement above the threshold level (although such achievement can be recognised through the award of marks or grades).

“credit accumulation” means the totalling of relevant credits towards the completion of a qualification or a part qualification.

“credit transfer” means the vertical, horizontal or diagonal relocation of credits towards a qualification or part qualification at the same or a different level registered on the same or different sub-framework, usually between different programmes, departments or institutions.

“curriculum” means the complete programme of study for a particular degree, diploma or certificate.

“elective modules” support achievement of the programme learning outcomes and form part of the approved programme specification. A list of possible elective modules is stated for each programme and students can choose modules from this list.
“equivalent status” means recognition of a qualification from another tertiary institution for admission to a higher degree.
“examination” means a formal evaluation of a student’s academic performance, which may be in the form of a written examination, an oral examination, a practical examination, a dissertation, a thesis, or any other formal examination.
“examination mark” means the mark obtained in an examination.
“examiner” means a person appointed by a Faculty Board to assess the academic performance of a student.
“EXCO” means the Executive Management committee as stipulated in clause 68(b) of the Statute of the University of Zululand.
“final mark” means the mark derived from a combination of a Full Period Mark and an examination mark.
“final semester” means the semester that concludes the curriculum.
“final-year student” means a student who is registered for sufficient modules to lead to the completion of a qualification.
“first-year student” means a student who has not obtained sufficient credits at this University or any other University for promotion to the second academic year of a degree, diploma, or certificate.
“foundation modules” means development modules in extended curriculum programmes.
“formative assessment” measures students’ progress during the learning process to provide ongoing feedback and incremental feedback. It includes a range of formal and informal assessments typically to monitor the progress being made towards achieving learning outcomes and obtaining a semester mark or predicate, i.e. admission to the summative assessment.
“full period mark” means the combination of all assessment marks, which mark will be used in combination of the examination mark to calculate the final mark.
“level of study” means the level at which a student is positioned within the curriculum of the qualification for which he or she is registered.

The NSC, previously known as the Further Education and Training Certificate or FETC, replaced the Senior Certificate effectively in 2008, was phased in starting with grade 10 in 2006.
“National Qualifications Framework” or “(NQF)” means the comprehensive system, approved by the Minister of Higher Education and Training, for the classification, coordination, registration, and publication of articulated and quality-assured national qualifications and part qualifications. The South African NQF is a single integrated system comprising three coordinated qualifications sub-frameworks for General and Further Education and Training; Higher Education; and Trades and Occupations.
“non-degree module” means a module offered to a registered student which is not required for his or her approved curriculum in a specific degree, diploma or certificate and cannot be offered for recognition or for substitution of any module in any other programme and are not offered by the university. Non-degree modules can only be recognised by the university if it was approved to be externally completed at another institution in line with the provisions of rule 15C.
“notional learning hours” means the agreed estimate of the learning time that it would take an average student to meet the defined learning outcomes of the course-unit or programme; it includes consideration of contact time, research, completion of assignments, time spent in structured learning in the workplace, individual learning and assessment. They are therefore not a precise measure but, provide students with an indication of the amount of study and degree of commitment expected. Ten notional hours equate to one credit.

“notional learning time” means taught or contact time will vary according to the mode of delivery, but notional learning time will not. All learning relevant to the learning outcomes should be considered when notional learning time is being estimated. Consideration should also be given to the level at which the learning is being offered. Notional learning time is not equivalent to the actual time that any particular learner needs to spend in order to achieve the learning outcomes. The real time will vary according to the individual’s capability, degree of prior experiential or other learning and the mode of learning, for example, in the case of work based learning the actual time spent in the workplace may greatly exceed the notional time required to achieve the specified learning outcomes. Any prior skill or knowledge required of the learner should not be included in an estimate of notional learning time. Higher Education uses the 10-hour credit which means that each credit awarded equates with 10 notional hours of successful learning. The notional learning time encompasses all time (formal classes, self-study, reading, searching the internet for information, writing assignments) spent by the learner in pursuit of achieving the designated learning outcomes. The emphasis is on the term 'notional' because it is well known that the actual time which learners need to achieve designated learning outcomes varies considerably. It is based on how long it would take an average full-time student entering a university and studying that subject, at that level, for the first time would take to gain the knowledge, skills and understanding to achieve the learning outcomes. So it is presumed that an ‘average’ student will take 200 hours to successfully achieve a 20 credit module.

“NQF level” means one of the series of levels of learning achievement arranged in ascending order from one to 10 according to which the NQF is organised and to which qualification types are linked.

“recognition of a module credit” means a module successfully completed at a specified NQF level within an academic programme that may be used to exempt a student from, and grant credit for an equivalent module in another academic programme, provided that the module for which the student is registered is at the same NQF level and same learning outcomes.

“work-integrated learning” or “WIL” refers to learning that is incorporated into the curriculum of qualifications of a vocational and professionally oriented nature at all levels of the HEQSF with the purpose of integrating theory and practice. WIL as a structured part of a qualification must be appropriate to the purpose of the qualification, the volume of the learning allocated to the WIL, the cognitive demands of the learning outcomes and the assessment criteria of the appropriate level descriptors of the qualification.

“year of study” means the year in which a student is registered at the University, which corresponds with a student’s academic year of study. However, students who fail modules or who change programmes might not have a corresponding level in terms of academic status; for example a student in his or her second year of study who has changed programmes after the first year of study would have first-year academic status. For the purposes of determining a student’s year of study, the time spent on foundation programmes shall not be considered.

Except as otherwise indicated in this Rule, where a student meets the required standard for a pass in an examination, including an aegrotat examination, the actual final mark obtained and the classification of the pass (merit or distinction), shall be recorded on the student's academic record.

Where a student who has been granted a re-examination has succeeded in meeting the required standard for passing the module, the actual mark obtained for the examination must be captured on the student administration system, however the system will condone the mark to a final pass mark of 50%, which mark shall be recorded on the student's academic record.

Where a student fails a re-examination or special re-examination, the actual mark obtained in that examination shall be recorded.

A student who has missed an assessment with valid reasons as described in Rule G13 shall have 7 days to submit evidence and be given a re-assessment. Once 7 days has lapsed, no representation regarding a missed assessment shall be entertained.

A student shall have 3 days after the publication of their full period mark to query such mark. Once 3 days has lapsed, no representation regarding a full period mark shall be entertained.

In giving effect to sub-rule 4, the lecturer shall in the first instance record the actual mark that the student obtained after which the student administration system shall automatically change the mark.

Certificates, diplomas and degrees passed with merit will only reflect on the academic record of a student and not on the actual certificate.

(3) The admission of all students admitted in accordance with rule G25(1) and (2) are subject to ratification by Senate. The Faculty Board must provide a motivation for recommendation to Senate for ratification immediately after admission in order to serve at the earliest Senate meeting.

HONOURS BACHELOR’S DEGREES

G26 Admission and registration

Admission

The process or act in terms of which it is determined whether or not a prospective postgraduate candidate should be allowed to register for the proposed postgraduate degree, bearing in mind the suitability of the candidate, the nature of the proposed research and the availability of resources.
Admission is the first stage of the academic registration process and involves an academic decision by the Head of Department and the Dean of Faculty. Once admitted, a candidate can then proceed to be formally registered as a student.

(1) Prospective Honours students apply for admission to the academic department hosting the qualification.

(2) The head of department which hosts the degree (HOD) will assess the academic suitability of the prospective candidate and either admit the applicant or reject the application.

Registration

The formal process or act in terms of which a postgraduate candidate who has been admitted, or a candidate who has previously been registered becomes a student in a particular year. Registration is the second stage of the academic registration process and involves an administrative decision by the Registrar. Once registered, a candidate has all the rights, privileges and obligations of a student.

(1) After admission to the qualification is approved by the HOD, the candidate submits the application form (together with the SAQA certificate and/or a conferment of equivalent status form if applicable) to the Admissions Office in the Registrar’s division together with proof of payment of the application fee. The Admissions Office will issue the candidate with a student number (if necessary) and an acceptance letter.

(2) On registration the candidate will pay the registration fee and complete a registration form.

(3) Candidates may also complete a tuition fee waiver form. This fee waiver form will be used to determine the amount of fees that may be waived in respect of the candidate, and the candidate must settle the balance within the prescribed time frames.

(4) The registration form must be signed by the HOD and it is then submitted to the Deans Office for finalization.

(5) On completion of the abovementioned process the candidate is academically registered.

G27 Assessment

(1) Senate, on the recommendation of the Faculty Board, shall appoint an external examiner for the Honours degree.

(2) The final mark for a module other than the research paper comprises a continuous assessment component and a final examination.

(3) The year mark may not comprise more than 40% of the final mark.

(4) A final mark for a module of below 50% constitutes a fail.

(5) The research paper is assessed through the examination of a final mini-dissertation or report that must be submitted by the end of semester two.

(6) The examination may also include components such as an oral presentation of the research and seminar presentations as outlined in Departmental rules.

(7) No re-examinations are held for modules, however, a student may be granted a special re-examination, which is conducted on the date specified in the Calendar, in a module if by passing that module he or she will complete the requirements for the qualification, provided that he or she

(a) was registered for that particular module in the preceding year; and
obtained a minimum final mark of 40% in the module.

The final mark for the qualification will be derived from credit weighted marks for each of the modules. To obtain

(a) a pass, a final mark of at least 50% is required in all modules;
(b) a pass with merit, a final mark of at least 65% is required, with a subminimum of 55% in all modules, and the degree must have been completed in the minimum time;
(c) a pass with distinction, a final mark of at least 75% is required, with a subminimum of 60% in all modules, and the degree must have been completed in the minimum time.

Modules that are failed may be repeated and must be passed within a period of one year after the module is first failed in order to retain credit for the modules that have been passed, provided that

(a) if the failed module(s) is/are not compulsory then a substitute module(s) must be passed within a period of one year in order to retain credit for the modules passed, and
(b) if, after the period of one year, not all components have been passed the Honours qualification must be repeated in its entirety.

Substitute modules referred to in (10) above must be Honours-level modules and the Head of Department must approve the substitution. If a substitute module is selected from another Department the substitution must also be approved by the Head of the Department that offers the module.

Rechecking and remarking of examination scripts is permitted under the same provisions as Rule G16 above.

G28 Duration of the qualification and Interruption of Studies

The total duration of the qualification may not exceed one year for full-time students, and two years for part-time students unless Senate grants and extension.

The Dean of a relevant faculty may grant a student permission to place his/her studies in abeyance for a period of no more than one (1) year, however the student must re-register for the same qualification prior to the last date for re-registration in the presuming year.

Should the student fail to register in the subsequent year, she/he will have to apply de novo for admission and any period/s during which she/he was not registered for the qualification will be included when calculating the residential period of the student. The year in which the request for abeyance has been approved by the dean is not included when calculating the residential period of the student.

Applications for abeyance must be submitted in writing to the dean for a decision and communicated to the Office of the Registrar.

MASTER’S DEGREES

G29 Admission

While admission into any postgraduate programme is determined by the relevant rules and policies, admission into postgraduate study at the research Master’s and Doctoral level is significantly influenced by the processes of pre-definition and work prior to formal application.

All candidates must first discuss their intended topic informally with the HOD and prospective supervisor.
If the HOD holds a preliminary view that the candidate meets the minimum academic requirements for admission and has the necessary academic maturity to enroll for the degree, that the proposed topic is suitable and that supervision capacity and other resources exist in the Department, the HOD will request the candidate to submit a statement of intent.

A statement of intent is not a research proposal but rather a preliminary document that assists the HOD in determining whether a candidate and the proposed research topic are suitable and whether the candidate can proceed to the proposal writing stage. It provides a brief background and contextualisation of the intended study as well as some evidence that the candidate has knowledge of research methodology at the appropriate level.

A statement of intent shall contain:

(a) A preliminary title
(b) The field of study
(c) The purpose of and rationale for the study
(d) An indication of the preliminary work that has been done to determine the suitability of the proposed topic for further in-depth research
(e) Broad time frames for the research
(f) Reasons why the candidate is suitable for conducting the type of research proposed
(g) Any other information that the candidate considers relevant in determining whether the intended research should proceed.

On receipt of the candidate’s statement of intent, the HOD shall refer the statement to a prospective supervisor(s) with a view to determining whether:

(a) Suitable supervision capacity exists in terms of expertise and experience
(b) Potential supervisors are willing and able to accommodate the supervision within their current workloads and in compliance with institutional policy
(c) The nature and extent of the proposed research render the topic suitable for research towards the proposed postgraduate degree
(d) The candidate has the necessary motivation and academic background and/or experience in the field of study to undertake the proposed research.

To assist in the decision, an HOD may, where appropriate, request a candidate to present the letter of intent to a departmental meeting or seminar.

The HOD shall approve the statement of intent only if the criteria mentioned in Clause 7.1.5 above have been met. In appropriate circumstances, where the failure to meet the criteria is not material, the HOD may request that the statement of intent be reworked and resubmitted.

G30 Registration

On approval of the statement of intent, the candidate submits an application form (together with the SAQA certificate and/or the Conferment of Equivalent Status form, if applicable) to the Admissions Office together with proof of payment of the application fee. The Admissions Office will issue the candidate with a student number (if necessary) and an acceptance letter.

On registration the candidate will pay the registration fee and complete a registration form.

Candidates may also complete a tuition fee waiver form. The fee waiver form will be used to determine the amount of fees that may be waived for the candidate, and the candidate must settle the balance within the prescribed time frames.

The registration form must be signed by the HOD and it is then submitted to the Dean’s Office for finalisation.

On completion of the abovementioned process the candidate is registered academically.
G31 Deregistration

(1) Underpinning the process of registration is the understanding that a postgraduate candidate will be required to develop an acceptable dissertation or thesis proposal to enable final academic registration. The format and requirements of such a proposal are set out in the Higher Degrees Guide.

(2) Normally research proposals should be completed and accepted by the respective Faculty structures and ultimately by the appropriate Senate committees (the Higher Degrees Committee and the Research Ethics Committee) within the following time frames:

(a) A full-time Master’s candidate should submit a research proposal within 4 months of registration and gain acceptance within 6 months;

(b) A full-time Doctoral candidate should submit a research proposal within 6 months of registration and gain acceptance within 8 months;

(c) A part-time Master’s or Doctoral candidate (and a Coursework Master’s candidate) should submit a proposal within 8 months of registration and gain acceptance within 12 months of first registration.

(3) The date of acceptance of a proposal is the date upon which approval of both the Higher Degrees Committee and the Research Ethics Committee has been obtained.

(4) Should the time frames stipulated in Clause 7.3.2 not be met, the supervisor shall report the delay to the HOD, give reasons for the delay and suggest appropriate action to be taken in the matter. The HOD shall in turn report the matter to the committee charged with overseeing postgraduate degrees in the Faculty.

(5) The relevant faculty committee shall consider the HOD’s report and take appropriate action. Normally such action shall be de-registration of the candidate, but in appropriate circumstances the deadlines may be extended for no more than three months. No further extensions will be permitted.

(6) A candidate whose proposal has not been accepted within the time frames set out in Clause 7.3.2 or any extended period granted in terms of Clause 7.3.5 shall be deregistered.

G32 Duration of qualification and Interruption of Studies

(1) The Master’s degree shall not be conferred on a candidate before at least one year has elapsed since the first registration of the degree.

(2) The Dean of a relevant faculty and Supervisor may grant a student permission to place his/her studies in abeyance for a period of no more than one (1) year, however the student must re-register for the same qualification prior to the last date for re-registration in the presuming year.

(3) Should the student fail to register in the subsequent year, she/he will have to apply de novo for admission and any period/s during which she/he was not registered for the qualification will be included when calculating the residential period of the student. The year in which the request for abeyance has been approved by the dean is not included when calculating the residential period of the student.

(4) Applications for abeyance must be submitted in writing to the dean of the relevant faculty and supervisor, who must both approve the request and approval must be communicated to the Office of the Registrar.
G33 Assessment

(1) The assessment may consist of
   (a) two or more written examination papers; or
   (b) a dissertation; or
   (c) written examination papers and a dissertation; or
   (d) a dissertation and an oral examination.

(2) If a written examination is required, it shall be conducted on the dates specified in the Calendar.

(3) A student may not sit for the examination more than twice without the permission of Senate.

(4) Senate, on the recommendation of the Faculty Board, must appoint two examiners, and one alternate.

(5) The dissertation will be sent to the examiners only after the Dean of the Faculty has received
   (a) a report from the Supervisor(s) that outlines relevant information concerning the research project that the examiners should be aware of;
   (b) a letter confirming that the dissertation has been edited for the use of language; and
   (c) a summary report from a recognised plagiarism detection service which confirms that the dissertation is acceptably free of plagiarism.

(6) The Masters dissertation must be examined by at least two examiners, one of whom may be an academic staff member at the University of Zululand who has not been a Supervisor or co-Supervisor of the student. If no academic staff member at the University of Zululand has the necessary expertise then both examiners will be external.

(7) The final mark for the Masters degree will be recommended to the Faculty Board by an Examination Committee, and the Supervisor (or co-Supervisor where there is one) must attend the meeting of the Examination Committee.

(8) The Examination Committee may recommend one of the following outcomes
   (a) the dissertation is accepted without changes;
   (b) the dissertation is accepted subject to minor corrections being completed to the satisfaction of the Supervisor(s);
   (c) the dissertation is referred back to the student for more extensive revision and resubmission, and reconsideration of reports by examiners; or
   (d) the dissertation is failed.

(9) In the case of (a), (b) or (d) above, the final mark will be based on the recommendations of the examiners.

(10) In the case of (c) above, if the revised dissertation is subsequently passed, the dissertation will be awarded a final mark of 50%; if not, the final mark will be based on the recommendations of the examiners.

(11) In the case of (b) above, a letter from the Supervisor, endorsed by the Head of Department, stating that all corrections and/or revisions requested by the examiners have been attended to, must be submitted to the Dean of the Faculty together with the revised dissertation, for forwarding to Examinations Section.

(12) To obtain
   (a) a pass, a final mark of at least 50% is required;
   (b) a pass with merit, a final mark of at least 65% is required;
   (c) a pass with distinction, a final mark of at least 75% is required.
Dissertation for master's degree

(1) A student must work under the supervision of a University Supervisor in the subject concerned unless Senate has approved otherwise.
(2) If a Supervisor is appointed who is not attached to the University, Senate must appoint a co-supervisor who is an employee of the University.
(3) The title of a dissertation is approved for a period of five years, after which the student must apply to Senate for an extension of time.

DOCTORAL DEGREES

G35 Admission and registration

(1) A Doctoral degree candidate, after consultation with the relevant Faculty, must submit the completed registration form together with the prescribed fees when applying for admission.

(2) Acceptance of the prescribed fees does not imply acceptance of the candidate.

(3) A candidate may apply at any time for admission, but the registration must be finalised and renewed annually on or before the date specified in the Calendar.

(4) Application for admission and registration takes place at the KwaDlangezwa Campus only.

(5) In the absence of any provision to the contrary in the relevant Faculty rules, a student must:
   (a) have obtained a Master's degree in the discipline for which he or she wants to register; or
   (b) have had equivalent status to a Master's degree conferred on him or her by virtue of rule G25; and
   (c) satisfy Senate as to his or her proficiency in the discipline.

(6) Admission is subject to the approval of Senate on the recommendation of the Faculty Board.

G36 Duration of qualification and Interruption of Studies

(1) The degree may be conferred on a candidate only after a period of two years has elapsed since he or she registered for the degree, or such longer period as may be prescribed in the Faculty rules.

(2) The Research Committee may grant a student permission to place his/her studies in abeyance for a period of no more than one (1) year, however the student must re-register for the same qualification prior to the last date for re-registration in the presuming year.

(3) Should the student fail to register in the subsequent year, she/he will have to apply de novo for admission and any period/s during which she/he was not registered for the qualification will be included when calculating the residential period of the student. The year in which the request for abeyance has been approved by the dean is not included when calculating the residential period of the student.

(2) One of the examiners may be an academic staff member at the University of Zululand who has not been a Supervisor or co-Supervisor of the student.
If no academic staff member at the University of Zululand who has the necessary expertise is available then all examiners will be external.

It is preferable that at least one of the examiners is based at an institution outside of the borders of South Africa.

The final examination consists of a thesis and, if so required by Senate or the examiners, an oral or written examination on the subject of the thesis or the subject as a whole.

No person may present himself or herself for the examination more than twice without the permission of Senate.

The thesis will be sent to the examiners only after the Dean of the Faculty has received –

A thesis will only be classified as a pass or as a fail, and no final mark is awarded.

G38 Thesis

A student must work under the supervision of a University Supervisor in the subject concerned unless Senate has approved otherwise.

If a Supervisor is appointed who is not attached to the University, Senate must appoint a co-supervisor who is an employee of this University.

The title of the thesis may be changed only with the approval of the Faculty Board.

No thesis may be submitted

(a) without the approval of Senate; and
(b) without a letter from the Supervisor in which he or she recommends that the dissertation be accepted for examination.

By issuing the letter in (b) above the Supervisor does not imply that he or she recommends or approves the thesis.

A thesis which has previously been submitted for a degree at another university shall not be accepted, but material from the student’s own published works may be incorporated into the thesis.

The thesis must show proof of the student’s ability to work independently, and the language must be correct and the technical workmanship satisfactory.
A summary of not more than 500 words, in the language of the thesis and in at least one other official language, must be incorporated into the thesis and must be included in the bound thesis when it is submitted for examination.

When submitted, the thesis must be accompanied by a declaration by the student regarding the extent to which it represents the student’s own work, both in conception and in execution.

For examination purposes, a student must submit the thesis in triplicate to the Registrar on or before the date specified in the Calendar if he or she intends to graduate the following year.

After approval of the thesis, but before conferment of the degree, the student must submit four bound copies and a digital version (saved on a CD or other suitable media) of the thesis in pdf format.

A thesis must be typed on non-transparent A4 paper, in at least one and a half spacing, with a margin of at least 2 centimetres on both sides of the page after the thesis has been bound.

G39 General financial information

(1) University fees are determined annually by the Council of the University.

(2) Studying at the University of Zululand also includes, amongst other things, participation in student organizations, sporting activities and the utilization of the library and computer centre.

(4) Students are only considered to have completed the registration process after satisfying the academic requirements as prescribed by the Office of the Registrar and are not entitled to attend classes or write examinations until fees have been paid or satisfactory arrangements have been made with the Finance Department. Registration will be terminated if the appropriate fees have not been paid and arrangements in this regard have not been made.

(5) A student with an unpaid balance from a previous semester will not be permitted to register in a subsequent term until his or her account has been paid or satisfactory arrangements have been made with the Finance Department.
(6) It is expected that each student who registers at the University of Zululand will be familiar with the contents of the Calendar and will accept responsibility for meeting curriculum requirements, accurate completion of registration and related forms and compliance with published dates and deadlines.

(7) Students should ensure that they have made adequate provision for the purchase of books and stationery. A minimum amount of R2000.00 per annum is suggested for this purpose. A bookshop is available on the Main Campus. A credit facility at the bookshop with a limit of R2000.00 is included on student’s accounts and will be incorporated into the total annual fees payable. This facility is only available for Main Campus students.

(8) Fees are subject to revision from time to time.

UNIVERSITY OF ZULULAND

DISCIPLINARY CODE: STUDENTS

CONTEXT

Paragraph 65 of the Statute of the University of Zululand stipulates as follows with regard to Student Discipline:

65. Student discipline

(1) Registered students are subject to the disciplinary measures and procedures applicable to students as determined by this Statute and the Rules.

(2) The disciplinary measures and provisions applicable to students as described in the Rules and contemplated by section 36 of the Act, may be changed by Council after consultation with Senate and the SRC as provided for in section 32(2)(d) of the Act.

(3) If the Vice-Chancellor, who is the chief disciplinary officer of the University, is of the opinion that the circumstances of a specific case warrant it, he or she may perform some or all of the actions performed by the Registrar in terms of the Disciplinary Code or, alternatively, he or she may delegate the authority to perform these functions to another employee or an independent external person.

(4) The definition of misconduct, the composition of the various disciplinary committees and their duties, the procedures followed during a disciplinary hearing and the various disciplinary measures that may be imposed, as well as the lodging of an appeal shall be set out in the Rules and made available to all students.

(5) Where a student has been found guilty of misconduct and the disciplinary measure applied by the University leads to suspension or termination of his or her studies at the University, or his or her expulsion from a University residence, the student concerned shall forfeit all claims to a refund or a rebate on fees paid or payable to the University.

The Disciplinary Code: Students (the Code) of the University of Zululand represents the Rules with regard to student discipline at the University, as contemplated in paragraph 65(2) and (4) of the Statute, and shall, subject to the provisions of the Statute and the Rules, apply to all registered students of the University.

The University resolved to take a firm position against all acts of plagiarism and consequently developed and approved Rules ("Policy and Procedure on Managing and Preventing Acts of Plagiarism", attached to this Code as Annexure B) to manage and prevent acts of plagiarism. All alleged misconduct of students pertaining to plagiarism will therefore be dealt with in accordance with said Rules.

Experience has also shown that a large number of disciplinary enquiries are the result of contraventions of the "Rules Governing Examinations, Tests and Other Academic Assignments". These Rules are attached to this Code with a view to informing students of the contents thereof and to alert them to the serious consequences of misconduct associated with examinations, tests and academic assignments.
PREAMBLE: DISCIPLINARY CODE

Central to the academic stature of the University is the quality and integrity of its academic, research and community engagement programmes. Multiple other factors, however, impact on the academic stature of the institution. Important factors are the behaviour of students and the policies, programmes and practices applied by the institution to regulate such.

The Code is an important institutional instrument to steer the behaviour of students with a view to developing and preparing them to become well-rounded people and responsible citizens of the country. The ultimate goal is to guide and assist students to embrace a value framework and institutional culture showing due respect for the constitutional rights of people and the Rules of the University.

The Code provides for a variety of disciplinary measures to be applied, depending on the circumstances of each case. The vast majority of these measures are designed to afford students the opportunity to correct their behaviour, whilst continuing with their studies. Incidences of serious misconduct, however, must be dealt with firmly and appropriate disciplinary measures might have far-reaching impact on the future of a student at the University and/or other universities. Certain incidences of misconduct may also compel or otherwise prompt the University to report an incident to the South African Police Service for investigation and action, and/or to pursue a particular matter in a court of law or other appropriate forum.

The Code furthermore promotes the fair and lawful adjudication of disciplinary matters and the imposition of suitable disciplinary measures. The processes and procedures imbedded in the Code are also aligned with the institutional aspiration to initiate and finalize disciplinary matters as soon as possible.

The Code is an important instrument whereby the University gives effect to its responsibility to implement all reasonable measures to protect the interests of students, members of staff, contractors and members of the public on its premises.

The Code also has as its objective the promotion and protection of the interests of the University as an educational institution.

The Code is not intended to be an exhaustive, catch-all set of rules and regulations providing for every conceivable objectionable and/or punishable act by a student. The rules and regulations below will therefore not be assigned an overly literal or strict interpretation. When the conduct of a student is being assessed, the determining factor will always be the objective aim of a rule or regulation.

This Code, including Appendix A, Annexure A (Disciplinary Code for Students: University of Zululand Residences), Annexure A1 (Disciplinary Guidelines: Residences), Annexure B (Policy and Procedure on Managing and Preventing Acts of Plagiarism) and Annexure C (Rules Governing Examinations, Tests and Other Academic Assignments) may be reviewed from time to time, as contemplated in paragraph 65 (2) of the Statute, and is therefore subject to change.

1.2.2 Expedited Informal Procedure
1.2.2.1 The Registrar or his designate, at his or her sole discretion may endeavor to resolve the matter by mediation if it is deemed appropriate to do so. In the event mediation is unsuccessful, the Registrar shall direct that the matter proceeds to a formal disciplinary inquiry.

1.2.3.5 The Registrar must inform the student in writing of his or her intention to suspend him or her temporarily.

1.2.3.7 The Registrar shall consider the above-mentioned representations and exercise his or her discretion in a fair and just manner, taking into account all relevant circumstances.

4.5 Alleged misconduct of HC members must be dealt with in accordance with the Code. Should a HC member be found guilty by a disciplinary enquiry, he/she will automatically be relieved of his/her membership of the HC, unless the Disciplinary Committee (Students) explicitly rules otherwise.

5. **REPORTING OF DISCIPLINARY COMPLAINTS**

5.1 Any student, member of staff, contractor of the University or member of the public may report alleged misconduct of a residence student to the HC member for discipline of the Residence and/or the relevant Head of the Residence and request that the matter be further investigated.

5.2 The HC member for discipline and the Head of the Residence may of their own accord lodge a disciplinary complaint against a student with the Protective Services Department.
6. DISCIPLINARY GUIDELINES: RESIDENCES

The guidelines set out below relate to possible transgressions and the proposed disciplinary measure to be imposed in respect thereof, but do not make provision for every conceivable transgression and should moreover not be construed as stipulating that a specific disciplinary measure as indicated below must be imposed when a particular transgression is committed. Discipline must therefore be applied with discretion, with due observance of the circumstances of every case and in accordance with the general spirit of this Residence Code.

SECTION A: POLICY

1 PURPOSE AND RATIONALE

Plagiarism constitutes a breach of academic integrity and compromises and undermines the values and processes by which knowledge is created, shared and evaluated. Such breach not only cast suspicion upon the integrity of the individuals involved, but also damage the reputation of the academic community. The University of Zululand (“the University”, “UNIZULU”, “the Institution”) therefore has a responsibility to uphold academic integrity and to promote trust in scholarly work undertaken at the Institution and to prevent plagiarism within the Institution.

This Policy and Procedures on Managing and Preventing Acts of Plagiarism (“the Policy”) articulates the University’s resolve to promote academic integrity and to take a firm position against all acts of plagiarism. Its purpose is to establish consistent guidelines and procedures on how plagiarism at UNIZULU can be monitored and prevented at undergraduate, postgraduate and research levels in order to enhance academic integrity and ethical behaviour from the onset of a student’s and a researcher’s academic career.

The Policy’s premise is that acts of plagiarism do not necessarily stem from dishonesty and therefore adopts a nuanced approach that allows for formative, corrective and punitive approaches depending upon the particular circumstances. Accordingly, it sets out processes and procedures for creating awareness of plagiarism issues, for educating and monitoring, and for acting upon transgressions in a uniform manner across the Institution. Effective policy implementation will also enhance UNIZULU’s image as a quality academic institution.

The Policy is necessary for the following reasons:

- To get a shared and clear understanding of the nature of plagiarism
- To emphasize the need to educate the University community about plagiarism and its impact on them and the Institution
- To provide for monitoring, detection and prevention mechanisms and processes
- To establish uniform procedures for dealing with instances of plagiarism that comply with the principles of natural justice
- To contribute to academic integrity within the Institution
- To improve the quality of research at UNIZULU
- To augment the attributes of the University’s graduates
- To enhance the University’s academic reputation
The Policy should be read together with institutional codes of conduct, the Research Ethics Policy, the Disciplinary Codes for staff and students, and the Postgraduate Handbook. Referencing conventions within a particular academic discipline should also be considered.

2 SCOPE

This Policy applies to all students registered for a qualification at the University, or an affiliate institution where such work can reasonably be seen to be associated with the University and where the act of plagiarism has impacted or has the potential to impact upon the University’s academic and administrative reputation and/or standing. Without limiting its scope, the Policy has particular relevance to the conduct of all undergraduate and postgraduate students.

3 DEFINITIONS

Category A Transgressions
First-time, minor infringements, often associated more with incorrect citation and referencing. Such instances usually stem from ignorance or lack of academic maturity and are seldom intentional. Such cases are usually restricted to undergraduate students in their first or second years of study.

Category B Transgressions
(a) Repeated Category A offences, or to relatively minor offences at a more senior academic level than second year; (b) first-time, more serious offences, irrespective of a student’s year of study, where the offence would not attract a penalty of more than the loss of a Duly Performed (DP) certificate; (c) first-time minor offences perpetrated by postgraduate students; or (d) first-time minor offences perpetrated by members of staff. Category B offences are not necessarily committed intentionally.

Category C Transgressions
Major, serious infringements by students or infringements by staff; in circumstances where they acted intentionally or negligently; or failure on the part of staff members to take reasonable steps to ensure that they comply with their obligations to prevent plagiarism as stipulated in this policy.

Ethics
A set of principles of correct conduct, in this instance, in the academic environment of teaching and learning and research. It involves morality and specific moral choices to be made by a student, lecturer or researcher. Ethics are reflected in rules and standards directing the actions and conduct of a person or the members of the
University.

**Plagiarism**
Plagiarism is the act of submitting or presenting work, study material, assignments, research work or inventions of someone else, irrespective of its source, as one’s own creation; in some instances, even where credit or acknowledgement is given to the original source.¹ Plagiarism where a researcher makes use of his or her own previously-published work, without proper reference to the original work, is called self-plagiarism. (Note that fault is not part of the definition. A person’s intention, negligence or innocence is not relevant to determining whether conduct constitutes plagiarism.²)

**Plagiarism Detection**
Processes and procedures used to identify acts of plagiarism with the assistance of relevant detection tools such as anti-plagiarism software.

**Plagiarism Prevention**
Steps that reduce acts of plagiarism through education, creation of awareness, prevention and monitoring.

**Postgraduate student**
A student registered to do a postgraduate diploma, or an Honours, Master’s or doctoral degree, irrespective of whether it is a coursework or research qualification.

**Researcher**
A person who researches at the University and/or who produces research output in the name of or under the auspices of the University, irrespective of whether he or she is a staff member or student and could include Research Fellows, research associates, collaborators, co-authors and external supervisors of postgraduate students.

**Undergraduate student**
A student registered for an undergraduate degree, diploma or certificate programme.

---

¹ Examples of conduct that may fall within the definition include:
- Using the direct words of another without using quotation marks (even where the passage is referenced)
- Unacknowledged copying of a sentence or two of text; or copying more extensive blocks of text
- Syndication of a single piece of work by more than one student (except where the assignment task is a legitimate group assignment)
- Borrowing and using another person’s assignment (with or without his or her knowledge and permission)
- Submitting an entire essay from another person or from the Internet; or infringing copyright

² However, these factors become material when determining the nature of any remedial or punitive action.
4 GUIDING PRINCIPLES AND VALUES

The following principles govern the University’s approach to the identification and management of plagiarism and will inform any decisions and processes taken to ensure compliance with this Policy:

4.1 The University adopts a zero tolerance for acts of plagiarism.

4.2 The University has a responsibility to uphold academic integrity and to promote trust in scholarly work undertaken at the Institution.

4.3 Academic activity within the Institution shall be conducted with scholarly integrity and excellence. Plagiarism constitutes a breach of academic integrity and compromises and undermines the values and processes by which knowledge is created, shared and evaluated.

4.4 Instances of plagiarism cast suspicion not only upon the integrity of the individuals involved, but also upon the reputation of the University and its academic community.

4.5 Responsibility for understanding and avoiding plagiarism lies with the student, and therefore ignorance is not necessarily a defence against plagiarism. The ability to recognize and avoid plagiarism is an academic skill which, like other academic skills and knowledge, students are expected to master. As for other academic skills and knowledge, students are expected to evince clearer understanding of plagiarism as they progress through the years of education, and failure to progress in this regard will affect their academic record.

4.6 Plagiarism is not only an issue in the academic sphere. The principles apply equally for ensuring that administrative work is conducted with integrity.

4.7 Acts of plagiarism do not necessarily stem from dishonesty. In a society where preparation for academic endeavour is inadequate, different levels of academic maturity should be recognized and policies and rules should cater for such different situations by taking into account, in appropriate instances, possible lack of awareness of applicable standards and inadequate academic preparation in respect of the referencing protocols.

4.8 The University and its students have a reciprocal responsibility on the one hand to educate and on the other to learn about plagiarism. The University has a responsibility to take steps to ensure that students understand what plagiarism is and how to avoid it, and students have a responsibility actively to apply
themselves in this regard. In a learning institution, the obligation for creating awareness and educating students about plagiarism and its impact on them and the institution is paramount. Although plagiarism prevention is a group effort, academic staff members have a particular obligation to in this regard.

4.9 Plagiarism cases are not all the same and circumstances may dictate that ostensibly the same conduct should be treated differently. For example, a violation of academic integrity by a staff member or a postgraduate student may amount to no more than an academic misdemeanor in the first assignment of a first-year student; work submitted in the course of supervision is not a finished product and provides opportunity for education and remedial action; repeated offences would attract more serious responses; and disciplinary conventions might dictate that what constitutes plagiarism in one discipline does not attract the same reprobation in another.

4.10 A nuanced developmental approach should be adopted in formulating remedial action and it must at all times be borne in mind that in a learning environment space should be made to accommodate mistakes and/or breaches of rules. Inculcating self-discipline should take precedence over imposing discipline upon another and a formative or corrective approach to remedial action should always be considered in the first instance. Punitive action should normally be reserved for serious and/or repeated violations, or where a person’s academic maturity would give rise to higher standards having been set.

4.11 The precepts of the Constitution, the University’s policies and regulations and the principles of natural justice must govern procedures for acting upon transgressions. Accordingly, rules and the consequences of their breach must be certain, clear and known to the alleged transgressor; and compliance and remedial standards and procedures shall be uniform, transparent and evenly applied.

4.12 Compliance oversight should be conducted in a spirit of promoting research endeavours and the dissemination of results.

5. **STRUCTURES FOR OVERSEEING COMPLIANCE OF THIS POLICY**

5.1 The University’s research ethics oversight structures comprise the following:

5.1.1 Senate
5.1.2 The University of Zululand Research Ethics Committee (UZREC).
5.1.3 Faculty Boards
5.1.4 Disciplinary Committee: Students and other relevant Tribunals of the University
5.2 The structures mentioned in Clause 5.1 operate as a collective and any of them may, without derogating from their overall responsibilities, perform certain of their functions and obligations through other committees, or special ad hoc committees or tribunals set up for specific purposes.

5.3 The committees established to implement this Policy have discretion to deviate from strict application of the relevant ethical guidelines where exceptional circumstances exist to avoid a procedure injustice.

5.4 It is important to note that Senate and the committees that oversee plagiarism focus primarily on research conducted at the University and the degrees and/or programmes that the University offers. They have the usual powers associated with dealing with academic matters. Where findings may impact
upon contractual relations between the University and the person involved, additional processes in terms of the appropriate codes would have to be instituted. Such processes cannot, however, override or supplant the conclusions reached regarding issues of academic integrity.

5.5 **Senate** has overall oversight in respect of research integrity, but may delegate this function, in terms of this and other policies, to the Research Ethics Committee (UZREC) and other committees that are accountable to that Committee including the Faculty Boards.

5.6 The **University Research Ethics Committee (UZREC)** implements, oversees and monitors research integrity at the University, including plagiarism, and shall

5.6.1 Provide guidance on the interpretation and implementation of this Policy
5.6.2 Receive faculty reports regarding Category A and B plagiarism in their faculties
5.6.3 Act upon Category C transgressions
5.6.4 Refer plagiarism matters to the Disciplinary Committee: Students for consideration.
5.6.5 Where necessary and/or appropriate, constitute *ad hoc* Plagiarism Tribunals to deal with specific instances
5.6.6 Report annually to Senate on matters concerning plagiarism
5.6.7 Periodically review the content and the implementation of this Policy

5.7 **Departmental Plagiarism Committees** are *ad hoc* informal committees constituted by Heads of Department to investigate, oversee and implement this Policy within a department, and to deal with Category A transgressions only. The membership will vary according to the size and needs of the Department.

5.8 **Faculty Board** will oversee and implement this Policy within departments, receive departmental reports regarding Category A plagiarism cases and act upon Category B transgressions. They may constitute *ad hoc* informal Faculty Plagiarism Tribunals to deal with specific instances. In instances of Category C transgressions, the Chairperson of the UZREC shall refer plagiarism cases to the Disciplinary Committee: Students to preside over the matter, in accordance with the policy and procedures prescribed in The Disciplinary Code: Students C22/13.

5.9 The **Appeals Tribunal** constituted in accordance with the Policy and Procedures on Disciplinary Codes: Students will adjudicate appeals in respect of Departmental and Faculty tribunal decisions

5.10 The **Disciplinary Committee: Students** shall report its findings to Senate via the
5.11 A person who has been found guilty of a Category C transgression, may appeal the Committee’s decision. In such instances the Appeals Committee constituted in accordance with the Disciplinary Codes: Students, comprising of a Deputy Vice-Chancellor as the Chairperson with one academic and one non-academic member shall preside over the appeal. The Appeals Committee shall report its findings to Senate via the UZREC. Subject to the overriding authority of Senate, its decision shall be final and no further appeals shall be permitted.

5.12 In instances of Category C transgressions involving staff, the Disciplinary Committee, alternatively the UZREC, may, in addition to taking action in respect of the academic transgression, refer the matter to the Executive Director, Human Resources for possible disciplinary action in terms of the prevailing Staff Disciplinary policy.

6 **ROLES AND RESPONSIBILITIES**

6.1 **Academic staff**

6.1.1 Academic staff members are responsible for creating awareness and for putting preventative measures in place

6.1.2 All lecturers must be able to use and apply programs used to detect plagiarism

6.1.3 Departmental Heads must report acts of plagiarism to the Deans of Faculties and the Deans will ensure that the Plagiarism Policy and procedures are duly implemented

6.1.4 Supervisors of postgraduate students and their research work are expected to follow the university policy on postgraduate supervisory practice and should, when reviewing drafts of students’ work, be vigilant in identifying potential plagiarism; and insist on students attending workshops that will familiarize them with best practice and the use of plagiarism detection software and databases.

6.2 **Students**

6.2.1 During the first two years of study students must follow orientation and awareness programmes to educate them about plagiarism

6.2.2 All postgraduate students should follow the procedure to check scholarly work for possible plagiarism whereafter a Plagiarism Declaration Form (Annexure B) must be completed.

6.3 **Academic support**

The Research Office, the Library and Information Services Division, the Academic Development Unit and the Information Communication Technology Division will co-
operate to ensure availability of orientation sessions and programmes, as well as software licensing and maintenance of approved detection programmes.

6.4 Faculty and Departmental Plagiarism Monitoring and Prevention

6.4.1 FRECs are responsible for overseeing and coordinating awareness and preventative activities within their faculties and shall liaise with the designated persons in each department to ensure that appropriate steps are taken to implement this Policy.

6.4.2 Deans and Heads of Department must ensure that staff members are aware of the contents of the Policy and academic staff members are in turn obliged to educate their students in respect of their responsibilities in terms of this Policy.

6.4.3 At the beginning of each academic year Heads of Department should identify staff members who will oversee and implement this Policy in their departments, particularly regarding awareness training and taking preventative measures, and who will be available to assist other staff in dealing with Category A cases, and identifying Category B cases for referral to the FREC or Category C cases for referral to the UZREC.

7 DEALING WITH PLAGIARISM

7.1 Awareness and training

7.1.1 Staff and students must be made aware of plagiarism and its consequences and the importance that the University attaches to the detection and prevention of plagiarism. The educational role is an ongoing and shared one and it is incumbent upon University and faculty managers, Heads of Department, lecturers, supervisors and
tutors to make a concerted and sustained effort to make the University community aware of their obligations.

7.1.2 Departments and academic staff must appreciate the importance of their roles in assisting students to acquire the academic discourse and their responsibility for taking active steps to provide students with an explanation as to why and how sources are used and cited in building academic integrity. In addition, because the nature of referencing and plagiarism is usually context-specific, departments, in collaboration with institutional support structures such as the Research Office, the Academic Development Unit and the Library and Information Services, are responsible for ensuring that students fully understand the nature of legitimate academic practice, of what constitutes illegitimate practice, and the potential consequences of such conduct, in that particular discipline.

7.1.3 It is particularly important that students are alerted to the nature of plagiarism, are informed that it constitutes a serious offence, and are informed about the disciplinary procedures that are in place for dealing with suspected cases. Such information should not only be provided to them at the beginning of their studies, but there should be constant reminders afterwards.

7.1.4 Without limiting the nature of any educational programme that the UZREC or any other body or person might wish to follow, the following specific tasks should be undertaken:

(a) The Research Office and Library staff shall conduct regular plagiarism workshops for staff and students

(b) Faculty Research Ethics Committees shall supplement the University workshops with faculty-specific programmes

(c) Departments shall expose students to the concept and the consequences, and train them on the citation, referencing and presentation conventions applicable to their disciplines.

(d) Departments are encouraged to refer students and staff to the useful information literacy- and plagiarism prevention workshops provided by the Library.

(e) The topic must be covered during departmental induction activities for new students. Such training could occur either in lectures or during the regular tutorial programme or in specialized sessions designed for this purpose. Students are alerted to the nature of plagiarism, are informed that it constitutes a serious offence, and are informed about the disciplinary procedures that are in place for dealing with suspected cases.

(f) Such training should not occur at the first-year level only, but must be reinforced at each subsequent level, including postgraduate levels.
(g) Faculty and departmental student handbooks and study guides must contain information on plagiarism and its consequences, and how material from such sources as books, articles, the Internet and the work of other students, may and may not be used in the preparation of assignments, dissertations, publications and theses. Guidelines as to the extent of the loss of marks and other penalties for plagiarism (where such are appropriate) should be agreed by departments and should be made available to the students in handouts and study guides.

(h) All postgraduate students must attend at least one workshop on plagiarism and the contents of this Policy during the course of their studies towards a postgraduate degree, which shall become a prerequisite (DP requirement) for obtaining a postgraduate degree.

(i) In addition, supervisors must ensure that postgraduate students are aware of their obligations and responsibilities, and the supervision meeting minutes must record the fact that the supervisor has counselled the candidate in this regard.

7.2 Preventative measures

7.2.1 The University will purchase the rights to use acceptable and lawful text-matching, similarity-checking software, or to use an internet-based text-matching database to assist staff and students in cross-checking material and identifying situations where submitted material matches previously-submitted material or previously-published sources.

7.2.2 Members of staff are compelled, in terms of their professional commitment to best academic practice, to be on the lookout for cases of plagiarism, and to deal with any such cases in accordance with this Policy and its procedures. Staff should be open to various detection and monitoring approaches.

7.2.3 Monitoring and detection material should not be used only to detect possible plagiarism in final products. In line with the developmental and educational objectives of this Policy, such mechanisms should also serve to assist staff and student authors to improve their writing and referencing skills and to prevent instances of plagiarism in the final product.

7.2.4 In compliance with this principle of promoting academic integrity, all postgraduate material submitted for final examination must be accompanied by a statement not only that the material constitutes the author’s original work, but preferably also that it had been subjected to the University’s text-matching and/or similarity-checking procedures to confirm that the work is original.

7.3 Punitive measures
7.3.1 The principle of legality, a standard principle underpinning punitive action, must be applied in all cases. In terms of this principle, a person should not be sanctioned in respect of rules that did not exist at the time the conduct was perpetrated. It is therefore important, before punitive steps are taken, that the entire University community, staff and students, are made aware of this Policy, the plagiarism concept and the consequences of committing an act of plagiarism.

7.3.2 In compliance with the principles of natural justice, punitive action must be uniform, consistent, impartial and equitable in their application. In addition, given the academic nature of the offence, punitive action should have a strong developmental focus, while not ignoring the other disciplinary objectives of punishment, which are to reprimand and discipline the individual, to regulate that person’s behaviour and the behaviour of the University community generally, and to deter the person and others from engaging in such conduct in future.

7.3.3 In line with this Policy’s objectives, a gradual, incremental approach to punishing acts of plagiarism should normally be followed, determined by the nature of the offending conduct and the academic maturity of the individual involved.

8 SPECIFIC INSTANCES INVOLVING STAFF AND/OR RESEARCHERS

8.1 Introduction

8.1.1 Although the concepts of plagiarism, plagiarism prevention and referencing are sometimes not well understood by staff, such knowledge is an inherent requirement of an academic staff member’s job. It is therefore incumbent upon all academic staff members to become acquainted with this Policy and the obligations it imposes upon them. Ignorance of the nature and content of an inherent job requirement cannot constitute an excuse. Staff members are therefore encouraged to acquaint themselves regarding plagiarism and to attend training events that the University offers from time to time. Academic staff members have an additional responsibility to ensure that their conduct serves as model academic behaviour for their students.

8.1.2 As far as the members of the academic staff are concerned, it is important that staff themselves have the opportunity to be trained about plagiarism.
8.2 Supervisors

8.2.1 Supervisors are ordinarily not principal investigators of postgraduate candidates’ research and so would not be primary authors of a mini-dissertation, dissertation or thesis. It is therefore unlikely that a supervisor would be held responsible for a candidate’s plagiarism in a thesis that has been submitted for assessment.

8.2.2 A supervisor who fails to take reasonable steps to ensure that s/he complies with the obligations stipulated in Clause 6.1.4 above, may be held responsible for having breached those obligations.

8.2.3 Should a candidate and a supervisor subsequently publish thesis material, at which stage the plagiarism is revealed, the supervisor may attract responsibility as a co-author in respect of that output. This matter is dealt with below (Clause 8.4).

8.3 Members of a research group or team

8.3.1 Members of a research group or a research team who are not cited as authors of a document will not be responsible for any plagiarized material that is contained in that document. As authors, they may attract responsibility, applying the rules set out below in Clause 8.4.

8.4 Co-authors

8.4.1 Instances arise where staff members are co-authors, with fellow employees, outside persons or students whom they have supervised, of work containing plagiarised material.

8.4.2 All co-authors are presumed to be jointly responsible for the published material; in other words, each is responsible for the entire content of the publication, even those parts which they did not write themselves. Unless they can show that they were not at fault in any way in publishing the plagiarised work, they will be held to have perpetrated the plagiarism as if they were the principal author of that part of the work.

8.4.3 It is therefore important to assess the co-author’s role in preparing and presenting the published output. A person who wrote the offending section will normally be accountable for what he or she wrote.

8.4.4 In instances of an author who did not write the piece, the question arises as to whether or not he or she had been negligent; in other words, whether the person met or had acted below the standard of a reasonable co-author. A reasonable co-author would not checked every word against every document available on the Internet, for example, or use plagiarism tracking facilities to verify the words that a co-author had written; but such a person must be alert to the
Possibility, depending upon the academic maturity and experience of the co-author, of plagiarism violations and should recognize obvious instances. Crucial to the enquiry would be nature of the steps that the co-author took to prevent the risk of plagiarism occurring in the document. If reasonable preventative action was taken, even if such action did not succeed in preventing the plagiarism, the co-author cannot be said to have been negligent and therefore at fault.

SECTION B: PROCEDURES

9 DEALING WITH TRANSGRESSIONS AT UNDERGRADUATE LEVEL

9.1 Although plagiarism constitutes unacceptable academic conduct, each instance should be considered on its merits in order to assess the appropriate remedial or punitive action. The concepts of plagiarism, plagiarism prevention and referencing are often not well understood by many students so, irrespective of the severity of a case, all instances plagiarism should be with sensitively; and developmental remedial action such as counseling and education should always be considered as a preferable first step, rather than simply imposing sanctions.

9.2 It is also important that students are alerted to the nature of plagiarism, are informed that it constitutes a serious offence, and are informed about the disciplinary procedures that are in place for dealing with suspected cases. Such information should not only be provided to them at the beginning of their studies, but there should be constant reminders afterwards.

10 DEALING WITH CATEGORY A TRANSGRESSIONS AT UNDERGRADUATE LEVEL

10.1 Category A transgressions constitute first time, minor infringements, and are usually handled by the staff member/lecturer who detects the offence, usually in conjunction with the lecturer in charge of the course, or the course coordinator.

10.2 In cases where the student is new to the University, and/or where it is apparent that the student has committed such plagiarism because of a lack of understanding of what is required, the student should usually:

10.2.1 Be counseled by the staff member concerned: the problem should be explained, the correct practice should be encouraged, and the student should be warned of the serious consequences of committing plagiarism again.
10.2.2 The student may be required to get more training on plagiarism prevention and referencing techniques. This practice would reflect the importance of our educative role as far as plagiarism is concerned.

10.2.3 In some cases it might be appropriate to ask the student to re-do the work to demonstrate that he or she has learnt from the experience.

10.2.4 Additionally, if it is appropriate, a mark penalty could be imposed.

11 DEALING WITH CATEGORY B TRANSGRESSIONS AT UNDERGRADUATE LEVEL

11.1 Category B transgressions relate to repeated offences of a minor nature, or to relatively minor offences at a more senior academic level than first year, or to first time, more serious offences, where the offence would not attract a penalty of more than the loss of a Year Mark or Duly Performed (DP) certificate.

11.2 Where a member of staff is uncertain as to whether an alleged case of plagiarism constitutes a Category A or B offence:

11.2.1 This matter should be discussed with the Head of Department and/or members of the departmental plagiarism structures, and a decision should be taken that is consistent with previous practice in the department.

11.2.2 In large departments, Heads of Department may delegate this role to a senior member of staff.

11.2.3 If a category B offence is detected, the matter must be referred to the Head of Department or nominee, who must refer the matter to the Faculty Board for a hearing.

11.3 Should the Faculty Board determine that the offence in question is a Category C offence, the matter must be referred to UZREC to decide on whether a formal disciplinary action be instituted.

12 DEALING WITH CATEGORY C TRANSGRESSIONS

12.1 Where the relevant Faculty Board identifies a case that it considers serious enough to constitute a Category C case, it must refer the matter to the Chairperson of the UZREC. The Head of Department must include with the correspondence copies of the offending material and the sources from whence the plagiarism is alleged to have occurred (both suitably marked).

12.2 The Chairperson of the UZREC shall refer the matter to the Disciplinary Committee: Students for a formal inquiry. A person charged with a Category C offence must be given full written particulars of the allegation against him or her:
12.2.1 Should the person be dissatisfied with the Disciplinary Committee’s decision and or recommendation, he or she may appeal the decision, in accordance with the appeal procedures as set out in the Policy and Procedures Disciplinary Codes: Students in which the grounds of appeal and reasons therefor are set out. The Appeals Tribunal as envisaged in Section 17 of the Policy and Procedures Disciplinary Committee: Students.

12.2.2 The Appeals Committee as envisaged in 12.2.1 supra, without derogating any of the rights conferred on it by the Disciplinary Code: Students, may dismiss or uphold the appeal, vary or rescind the award or amend the recommendation as it deems fit.

13 DEALING WITH PLAGIARISM TRANSGRESSIONS AT POSTGRADUATE LEVEL PRIOR TO GRADUATION

13.1 Procedures applicable before submission for assessment

13.1.1 In line with a developmental approach, preventative and remedial action should be taken in respect of any draft work (either course work or research work) that a student presents before the stage of submission of the work for examination. Such remedial action may take the form of counseling or attending a workshop on plagiarism, or preferably, both. This provision applies even in respect of final drafts.

13.1.2 The nature of the counseling should be such that the candidate understands why the conduct in question amounts to plagiarism and what other forms of conduct might constitute plagiarism, and the candidate should be warned of the consequences of plagiarism and that should any further plagiarism be revealed in drafts or final products submitted subsequently, disciplinary action could be taken against the candidate. In such an event, the normal procedures applicable to Categories B and C will apply.

13.2 Procedures applicable on or after submission for assessment

13.2.1 All postgraduate work submitted for assessment in the form of assignments, mini-dissertations, dissertations and theses must be accompanied by a declaration by the author(s) that the submitted work is the author(s) original work and that it has not been plagiarized. (See Annexure B.)

13.2.2 Where an examiner or assessor of material identifies acts of plagiarism, that examiner or assessor should provide a report indicating the nature and extent of potential plagiarism.

13.2.3 The principles and procedures set out in Clause 12 above shall apply equally to postgraduate students, with the necessary changes; provided that any specific principles and procedures mentioned in this Clause shall take precedence.
13.2.4 In the case of assignments or material submitted as part of an Honours or Master's course work programme, the Head of Department must determine the category in which the alleged transgression falls and implement the appropriate steps. Where the Head of Department is directly involved as a supervisor/examiner, the Dean of the Faculty, or a senior member of the Department nominated by the Dean, should perform this task. Given the academic seniority of such students, such transgressions would seldom fall within Category A and should normally be either Category B or C offences.

13.2.5 Allegations of plagiarism in a postgraduate research paper or mini-dissertation should be treated as a Category C offence.

Master's dissertations and Doctoral theses

13.2.6 For allegations of plagiarism in Master's dissertations and Doctoral theses, the following procedure should be adopted:

(a) On discovery of a possible plagiarism transgression, the matter must be referred to the Head of Department, whose task it is to collate the relevant evidence (which may include a report from one or more examiners) and to refer the allegation of plagiarism to the Chairperson of the UZREC and also notify the Chairperson of the relevant FREC. Where the Head of Department or the Dean is directly involved as a supervisor/examiner, the Deputy Dean, or a senior member of the Faculty nominated by the Dean, should perform this task.

(b) The process described in Clause 12 shall apply equally to these matters, with the necessary changes.

(c) If the Tribunal finds that there is no case of plagiarism, the matter must then be referred back to the Head of Department (or appropriate nominee) for that person to process the matter in the normal way.

13.3 Procedures applicable after the award of a degree, diploma or certificate

13.3.1 This clause applies to all certificates, diplomas and degrees that the University has awarded.
13.3.2 Should it transpire, after a degree, diploma or certificate has been awarded, that plagiarism normally falling within Categories B or C might possibly have occurred in material that had been submitted for assessment in the course of obtaining that qualification, the matter must be referred to the Head of Department and Dean of Faculty, whose task it is to collate the relevant evidence and to refer the allegation of plagiarism to the Chairperson of the UZREC and also notify the Chairperson of the relevant FREC.

13.3.3 The process described in Clause 12 shall apply to these matters.

14 DEALING WITH PLAGIARISM INVOLVING STAFF AND/OR RESEARCHERS

14.1 Except in the instances as defined, plagiarism perpetrated by staff in lecturing and research material shall ordinarily constitute Category C offences.

14.2 All allegations of plagiarism involving staff and researchers, or of a failure to take reasonable steps to ensure that they comply with their obligations stipulated in Clause 6.1.4 above, must be referred to the Dean of the relevant Faculty, whose task it is to collate the relevant evidence and to refer the allegation of plagiarism to the Chairperson of the UZREC.

14.3 The UZREC Chairperson shall then constitute a Plagiarism Tribunal as envisaged in Clause 12 above.

15 RECORD-KEEPING AND REPORTING

15.1 All academic departments shall keep records of all cases of plagiarism that have occurred in their departments.

15.2 Each department shall ensure that

15.2.1 The names of students involved in Category A cases
15.2.2 The plagiarism findings of category B and C cases and copies of documents associated with the cases are reported and/or delivered to the Research Office immediately upon finalization of such cases.

15.3 Plagiarism Tribunals and Plagiarism Appeals Tribunals shall similarly report their findings to the Research Office.

15.4 The Registrar shall inform the Research Office of any decisions of Senate and Council regarding plagiarism matters.
15.5 The Research Office shall record all cases on a database set up for this purpose.

15.6 This database may be accessed by Heads of Department (or their authorized nominees) to allow departments to ascertain whether a student has committed serious plagiarism before.

15.7 In February of each year, the Research Office shall compile a report, to be submitted to UZREC and thereafter, Senate, on incidences of Category B and C plagiarism across the University in the previous academic year.

15.8 In appropriate instances, the Registrar’s Division and the Executive Director, Human Resources, shall endorse student academic records and staff personal files and maintain the records on file.

16 IMPLEMENTATION AND OVERSIGHT RESPONSIBILITIES

16.1 The project owner of this Policy is the Deputy Vice-Chancellor, Research and Innovation, who shall ensure that the Policy is presented for revision and review at the appropriate time.

16.2 Oversight and implementation of this Policy vests in the UZREC and the FRECs, but Senate has overarching oversight responsibility.

16.3 Management and administration of this Policy rests with the Office of the Deputy Vice-Chancellor, Research and Innovation and the Research Office.

17 POLICY REVIEW

17.1 Council shall review the Policy on a three-yearly cycle.

17.2 On recommendation of the Research Ethics Committee, Senate may review and amend Section B at any time, in which event the amendments take effect on the date of the Senate approval.

17.3 The Policy owner may review amend annexures that contain or illustrate forms or documents for effective administration and/or management at any time.

17.4 All persons affected by the Policy must be notified of any amendments.

17.5 Nothing in this clause shall prevent Council from reviewing this Policy at any time prior to the stipulated three-year cycle, in which event a new cycle shall commence from the date of such review.

ADDENDUM

PROCEDURE IN CASE OF PLAGIARISM

1. GENERAL

1.1 All the University’s disciplinary committees are administrative tribunals with the objective of education, reformation and rehabilitation.

1.2 Apart from the provisions of this disciplinary code, and the principles of administrative justice, the rules determining the procedure that shall be followed before the hearing and in so far as where the rules are silent thereon, the disciplinary committee shall follow an inquisitorial process.

1.3 The Disciplinary Committees is a forum of record and a record of all hearings shall be kept.

1.4 In the case of an alleged transgression of this Code, a charge of misconduct shall be laid with the Office of the Registrar.

1.5 The Registrar may inform the parents, or legal guardian of a student (notwithstanding the student having reached the legal age of majority), in a manner in which the Registrar deems appropriate, of any disciplinary investigation and/or proceedings initiated or completed involving the student.

1.6 The Registrar may appoint a University staff member (full-time or part time), or a person from outside the University with appropriate legal qualifications and practical experience, to act as an Initiator/Prosecutor in proceedings before the Students Disciplinary Committee.

1.7 When the Registrar is of the opinion that a formal charge(s) of misconduct against a student is warranted, disciplinary processes against the student as set out below shall be commenced with.
2. **PLEA AND AGREED DISCIPLINARY MEASURE**

2.1 Where a student is formally charged by the University with misconduct and the student, before the disciplinary enquiry has commenced –

i) admits to the charge(s) against him or her; and

ii) enters into a plea and disciplinary measure agreement with the University,

the Registrar shall, subject to the provisions of paragraph 2.3, follow the procedure described in paragraph 2.2.

2.2 The charge(s), admission of guilt and disciplinary measure imposed shall be noted and recorded by the Registrar in the presence of the student, or the student and his or her parent or legal guardian, or the student and his or her legal representative, as the case may be.

2.3 The Registrar must refer the matter for a formal disciplinary enquiry in accordance with this Code, should it at any time become evident that the student may not be guilty of the charges against him or her, or that the student wishes to revisit his or her decision regarding the plea and disciplinary measure agreement.

3. **FORMAL DISCIPLINARY HEARING**

If a charge against a student has been formulated and the student denies the charge(s) against him or her, the Registrar must convene a disciplinary enquiry by the Disciplinary Committee (Students). This Committee will determine whether the student is guilty of the alleged misconduct and decide on appropriate disciplinary measures in accordance with the Disciplinary Codes: Students and this Policy.
4. **SERVICE OF NOTICE**

4.1 A Notice shall be compiled and delivered to the student concerned indicating the following information:

4.1.1 The date, time and place of the hearing.
4.1.2 The full charge and particulars of the alleged misconduct.
4.1.3 The student's right to legal assistance, and his right to attend the hearing.
4.1.4 A warning that should the student fail to attend the hearing, the hearing could continue in his/her absence;

4.2 Such notice shall be delivered to the student personally, registered mail or by email to the student’s official University or nominated email or postal address, provided that if the student cannot conveniently be found, the notice may:

4.2.1 be posted by registered post to the student’s last known address as provided by the student which shall be deemed to have been received by the student within a period of seventy-two (72) hours from date of postage;

4.2.2 Be left at the student’s last known address as provided by the student which shall be deemed to have been received by the student within a period of seventy-two (72) hours from date of delivery;

4.2.3 Be served on a parent/guardian of the student either in person or by fax, email or delivery to an address, nominated by the parent.

4.2.4 The notice shall inform the student that proceedings under the Disciplinary Codes: Students are to be instituted and notify the student that a copy of the Rules is available for inspection in the Office of the Registrar.
5. **REPRESENTATION AT THE HEARING**

5.1 A student shall be entitled to be accompanied by his or her parent(s) or legal guardian and/or legal representative during the disciplinary enquiry.

5.2 The student may only be represented at the disciplinary enquiry by a legal representative.

5.3 The Chairperson of the Student Disciplinary Committee may, at his or her discretion, give permission to a third party, other than the parent(s), the legal guardian of the student, or a legal representative to assist the student.

5.4 A student’s parent(s) or legal guardian, or any third party as referred to herein, will only be allowed to provide general support to the student and shall not be permitted to represent the student.

6. **FORMAL INQUIRY PROCEDURE**

6.1 The Inquiry shall be conducted in the presence of the accused student, provided that if the student, after notice being duly given and without leave of the Committee, fails to attend the inquiry, the inquiry may proceed in his/her absence;

6.2 The student may make written representations to the Registrar in reply to the Notice and the alleged offence of misconduct, setting out in detail the following:

   6.2.1 His/Her plea to the charge;
   6.2.2 A substantive statement supporting his/her Plea;
   6.2.3 Any relevant facts he/she wishes the Committee to consider.
6.3 At the outset, considering the rules of natural justice and fair administrative process, the Chairperson must first establish the following:

6.3.1 Whether the student was provided with the full details of the charge(s) against him/her and whether he/she was furnished with the relevant supporting documentation;

6.3.2 Whether the student and his/her legal representative was afforded reasonable time (not less than 5 working days) to prepare for the inquiry;

6.3.3 Whether the student understands the charge(s) against him/her and to enter a Plea of guilty or not guilty to the charge(s) as the case may be.

6.4 The Committee may consider and grant or otherwise, as it may determine, any application for the amendment of the charge, so as to add further charges or substitute one charge for another.

6.5 The inquiry shall be held in camera, except if the student expressly consents otherwise or, if on application, it is deemed to be in the public interest, subject to prevailing legislation, e.g. The Protection of Personal Information Act 4 of 2013 and relevant legislation;

6.6 The evidence prepared by the Initiator or Prosecutor, as the case may be, shall be placed before the Committee;

6.7 The evidence prepared by the Student or his representative may be placed before the Committee;

6.8 The student has the right to remain silent but may make representations to the Committee;

6.9 The onus lies with the Initiator/Prosecutor to prove his/her case, on a balance of probabilities;

6.10 The Committee must first determine if a prima facie case has been established
and inform the student of such instance;

6.11 Should the Initiator/Prosecutor fail to establish a *prima facie* case against the student, the Chairperson must discharge the student;

6.12 If a *prima facie* case has been established and should the student thereafter elect to remain silent or refuse to make representations, the Committee may draw an adverse inference from his/her failure to make representations in reply;

6.13 In conducting the inquiry the Committee shall do so in an inquisitorial manner and may direct that a witness may be called and/or exhibits should be submitted;

6.14 The Committee may of its own accord, call such witnesses as it may determine, or obtain any documents or other evidence relevant to the inquiry and may, in its discretion, instruct that any exercise, test, demonstration or experiment that may be relevant to a determination of the issue before it, be conducted;

6.15 The rules of the law of evidence shall not apply.

6.16 The committee may, on application, permit the University and the student to call witnesses to give evidence in their favour and to submit any other relevant documentation and information;

6.17 The Committee may, on application, permit the University and the student to lead evidence in chief and to cross-examine each other’s witnesses;

6.18 The party so applying for leave to lead formal evidence must satisfy the committee that the matter is of such a nature that it cannot be properly ventilated without formal evidence and that it is in the interest of justice to do so;

6.19 Evidence shall not be taken under oath but each witness must be admonished
by the Chairperson to give evidence that is truthful and honest;

6.20 An admonished witness who gives false or dishonest evidence shall be liable of an offence and subject to disciplinary proceedings.

6.21 At the conclusion of the hearing, the student or his/her representative and the Initiator/Prosecutor may address the Committee on the merits of the case.

6.22 The Committee shall decide thereafter, in light of the evidence and representations whether or not the student is guilty of the offence(s) charged.

6.23 A finding of guilty shall only be returned if:

6.23.1 the charge has, in the opinion of the Chairperson, been proven on a balance of probabilities, or a determination of the issue(s) before it is concluded;

6.23.2 The student has freely and voluntarily admitted guilt, and the Chairperson is satisfied that there is evidence from the student or another source to substantiate the admission.

6.24 If the Committee does not find the student guilty as herein provided, the student must be acquitted.

6.25 If the Committee is satisfied that the Initiator/Prosecutor has discharged the onus and has proven all the essential elements of the offence, the student having failed to present a version that is reasonably probably true, or any version at all, then the student must be found guilty of the charges.

6.26 Upon finding the student guilty of the offences, the Committee must permit the Initiator/Prosecutor to address on aggravating factors, and permit the student to address on mitigating factors for the purpose of
determining an appropriate sanction or disciplinary measure;

6.27 In exceptional circumstances, the Initiator/Prosecutor or Student or his/her representative may, on application be afforded the opportunity to present formal evidence in support of aggravation or mitigation of sentence.

6.28 After pronouncing its sanction, the Committee must inform the student of the right to Appeal against its verdict and sanction.

6.29 The proceedings shall be recorded in full by a competent person appointed by the Registrar for this purpose.

6.30 After handing down its decisions, and providing reasons for its decisions, if so requested, the Students Disciplinary Committee has fulfilled its function and is functus officio.

7. **APPEAL PROCEDURE**

A student may appeal against the finding and/or the disciplinary measures imposed by the Students Disciplinary Committee in accordance with the following procedure:

7.1 The student may appeal to the Appeals Committee by lodging a written Notice of Appeal with the Office of the Registrar.

7.2 The written notice of appeal shall be lodged with the Registrar not later than 5 (five) working days after the decision of the Students Disciplinary Committee has been communicated to the student. The University may require an undertaking from the student to carry the costs incurred by the University to prepare the record of the proceedings of the Students Disciplinary Committee.

7.3 The grounds of appeal must be furnished in the notice of appeal and must
indicate clearly whether the appeal is lodged against the finding, sanction and/or the disciplinary measure.

7.4 On receipt of the notice of appeal, a copy thereof shall be submitted to the Chairperson of the Students Disciplinary Committee, whereupon the Chairperson shall prepare a response within 15 days and submit it to the Registrar.

7.5 The Registrar shall arrange for the record to be transcribed and furnish a copy to the student or his/her legal representative, the Initiator/Prosecutor and Chairperson.

7.6 The student or his/her legal representative must file their Heads of Argument with the Registrar within 10 days of receipt of the transcripts.

7.7 The Initiator/Prosecutor may file Heads of Arguments within 10 days of receipt of the students Heads of Arguments.

7.8 The Registrar shall then arrange for the appeal to be heard as soon as possible by the Appeals Committee as composed in accordance with The Disciplinary Codes: Students.

7.9 The Appeals Committee may confirm, alter or set aside any finding and shall be entitled to suspend, increase or reduce any disciplinary measure imposed by the Students Disciplinary Committee. Should the Appeals Committee set aside the finding and/or disciplinary measures imposed by the Students Disciplinary Committee, or reduce the disciplinary measures imposed on the student, any amount paid by the student shall be refunded.

7.10 The appeal shall be decided on the basis of the documentation before the Appeals Committee and only arguments on the papers filed shall be allowed.
