5. Honours and Coursework Master's Degrees

- 5.1 Prospective Honours and Coursework Master's students apply for admission to the academic department hosting the qualification.
- 5.2 The Head of Department which hosts the degree will assess the academic suitability of the prospective candidate and either admit the applicant or reject the application.

6. Research Master's and Doctoral Degrees

- 6.1 While admission into any postgraduate programme is determined by the relevant rules and policies, admission into postgraduate study at the research Master's and Doctoral level is significantly influenced by the processes of pre-definition and work prior to formal application.
- 6.2 All candidates must first discuss their intended topic informally with the HOD and prospective supervisor.
- 6.3 If the HOD holds a preliminary view that the candidate meets the minimum academic requirements for admission and has the necessary academic maturity to enrol for the degree, that the proposed topic is suitable and that supervision capacity and other resources exist in the Department, the HOD will request the candidate to submit a statement of intent.

- 6.4 A statement of intent is not a research proposal but rather a preliminary document that assists the HOD in determining whether a candidate and the proposed research topic are suitable and whether the candidate can proceed to the proposal writing stage. It provides a brief background and contextualisation of the intended study as well as some evidence that the candidate has knowledge of research methodology at the appropriate level.
- 6.5 A statement of intent shall contain:
- 6.5.1 A preliminary title
 - 6.5.2 The field of study
 - 6.5.3 The purpose of and rationale for the study
 - 6.5.4 An indication of the preliminary work that has been done to determine the suitability of the proposed topic for further in-depth research
 - 6.5.5 Broad time frames for the research
 - 6.5.6 Reasons why the candidate is suitable for conducting the type of research proposed
 - 6.5.7 Any other information that the candidate considers relevant in determining whether the intended research should proceed.
- 6.6 On receipt of the candidate's statement of intent, the HOD shall refer the statement to a prospective supervisor(s) with a view to determining whether:
- 6.6.1 Suitable supervision capacity exists in terms of expertise and experience
 - 6.6.2 The field of study
 - 6.6.3 Potential supervisors are willing and able to accommodate the supervision within their current workloads and in compliance with institutional policy
 - 6.6.4 The nature and extent of the proposed research render the topic suitable for research towards the proposed postgraduate degree
 - 6.6.5 The candidate has the necessary motivation and academic background and/or experience in the field of study to undertake the proposed research
- 6.7 To assist in the decision, an HOD may, where appropriate, request a candidate to present the letter of intent to a departmental meeting or seminar.
- 6.8 The HOD shall approve the statement of intent only if the criteria mentioned in Clause 7.1.5 above have been met. In appropriate circumstances, where the failure to meet the criteria is not material, the HOD may request that the statement of intent be reworked and resubmitted.
